

Machinist

Job Summary

Concorde Precision Machining Inc., a division of Reko International Group Inc., is seeking results driven Machinists to join our team! The successful individuals will be required to perform and complete tasks associated with the manufacturing of all machined components.

Specific Responsibilities:

- To work in a clean, safe, and organized manner, as outlined in the Health and Safety Program; this includes crane and forklift training and use
- Verify and identify materials for size, shape, and type to ensure that the material selected is correct for the application according to engineering drawings and instructions
- Operate and use machine shop equipment for the purpose of manufacturing all machined components; this equipment includes bridgeports, surface grinders, horizontal lathe, saws, and CNC machinery
- Use all measuring and checking skills to verify that all machined components are correct to blueprint dimensions
- Utilize and respect machine shop equipment
- Participating in finishing of details and material preparation
- Meet agreed upon goals and objectives in a timely manner
- Complete inspection reports prior to the job being removed from the machine
- Perform all other duties as assigned

Knowledge and Skills:

- Grade 12 O.S.S.D or equivalent
- Valid Ontario Driver's license
- Must be willing and able to achieve your crane and forklift certification
- Possessing and utilizing your own tools for daily tasks (ex. micrometers, verniers, indicators, etc.)
- Machining software knowledge, including Lemoine, MasterCam, and Smirt would be considered an asset
- Strong mechanical problem solving and organizational skills with the ability to work under pressure and in a fast-paced environment
- Knowledge of machining equipment and software including Heidenhain and Fanuc controllers, milling, grinding, and fabrication would be considered an asset
- Ability to work shift work (days and afternoons), overtime, and weekends as required

Requirements

- A minimum of five (5) years of relevant work experience
- Experience in a machine shop would be considered an asset
